

Crissy Coletta has been enjoying bringing Working Equitation to many clubs in Western Australia. Crissy tries to get riders enjoying the challenges of the obstacles. She has a passion for horses and this exciting discipline, this is evident when she works with each rider and can help both horse and rider understand how to perform the obstacles.

Crissy has a have a go attitude and believes everyone can do this and loves to see her riders have fun! Her lessons are as fast or slow paced as you want and loves introducing Working Eq to beginners or set up challenges for the more experienced riders.

Crissy is an accredited ANWEWA Judge and very proud and excited at the progress this discipline has made in WA in the 7 years.
